ADORATION OF THE BLESSED SACRAMENT: is offered each Wednesday at 7:00 p.m. in the Church. **Adoration of the Blessed Sacrament is not offered during June, July and August.** Adoration of the Blessed Sacrament will resume in September.

DEVOTIONS TO OUR LADY The Rosary is prayed in the Church from Tuesday to Saturday after the 9:00 a.m. Mass and also on Sunday, after the 11:30 a.m. Mass. Each Monday morning after the 9:00 a.m. Mass, a novena is held in honor of Our Lady of the Miraculous Medal. The Rosary is prayed following the novena.

ANNUAL ITALIAN FESTIVAL St. Augustine Church, 381 North Highland Avenue or Route 9, Ossining, will have their 41st Annual Italian Festival on Tuesday, July 17 through Sunday, July 22 from 6:00 p.m. - 11:00 p.m. There will be a fireworks display presented by "Garden State Fireworks" on Wednesday, July 18 (Raindate Thursday, July 19). Come and enjoy the delicious food, rides provided by All Star Midway, fireworks, casino, games, and much more. For further information, please visit our website at StAugNY.org or call the Parish Office at 914-941-0067.

FINANCIAL CORNER: Our Sunday collection for Sunday, July 1, was \$7,071.00 and Sunday, July 8 was \$7,707.00. Thank you and may God bless you for your generosity.

HEALTH CARE COORDINATOR The Capuchin Franciscan Friars in White Plains are seeking a full time Health Care Coordinator (RN) for their Priests and Brothers. Responsibilities include: strong, compassionate patient advocate, maintaining patient charts and records, clear understanding of Medicare, Medicaid, Health Insurance, Long Term Care and other community programs. 10 years nursing experience required and must hold a valid driver's license. Interested candidates should send resumes to: jobs@capuchin.org. For further details please see our posting on: catholicjobs.com - under Healthcare.

TREASURES FROM OUR TRADITION

At the time of the Reformation, although England broke away from papal authority under Henry VIII, a silent majority clung to the Catholic faith. Henry's eldest daughter, Mary, restored the "old religion" in a fierce persecution of Protestants (she is called "Bloody Mary" for good reason.) His youngest daughter, Elizabeth, rejected papal ties. Under her reign, beginning with legislation in 1593, Catholics were persecuted again, and only the very wealthy could afford the fines for not attending Anglican services on Sunday. They were called "recusants," from a Latin word meaning "refuse," since they refused to attend the liturgy of the Church of England. Many families maintained Catholic tradition in secret, and today their descendants claim "Recusancy" as a mark of family pride. For generations they sent their young people abroad to be educated in convents and monasteries. It is not surprising that the first monastery in colonial America springs from Holland with the daughters of patrician English recusant families. Port Tobacco, Maryland, proved fruitful soil for the Carmelite tradition.

**Dear Padre
July 15, 2018**

Recently a genetic testing kit became available. Does the Church have any teaching on these tests?

In principle the Church is not opposed to genetic testing. The number of tests available seems to rise almost daily. The critical issue from a moral standpoint is what we do with the information that is gained.

Any use of the information to harm people would be judged immoral - for example, using genetic information to detect Down Syndrome in a fetus with the subsequent abortion of a developing life. Another example would be using genetic information against people seeking employment or health insurance.

Another concern is the impact that genetic testing results might have on the person receiving it. For example, a person may wish to know if he carries the gene for Huntington's disease, an illness that will surface in his life if he has the gene. There is no cure for this debilitating disease. However, the information may assist him in preparing himself and others for the time when the disease will manifest itself.

In other instances, however, genetic information may lead to prevention and treatment of diseases. Such testing would allow spouses to know if they carry a particular gene, for example, associated with cystic fibrosis. A couple finding themselves carriers of the gene should bear this in mind as they make decisions about responsible parenthood.

Summarizing, information obtained from genetic testing holds promise and potential peril. The dignity and life of persons should guide judgments about the morally acceptable use of genetic information.
